What is the importance of creating a great mentoring program?

Great mentoring programs benefit both the mentor and mentee by providing a supportive environment that fosters mutual learning and builds strong networks and relationships that last a lifetime. Mentors get to share their wisdom and see positive changes happen, which is super rewarding. Meanwhile, mentees get awesome support, guidance, and opportunities to grow both professionally and personally. It is a win-win for everyone involved!

What 1 advice would you give a mentee?

Take ownership of your learning process. Actively participate, ask questions, seek clarification, be open to feedback, and utilise the knowledge gained for your own growth and development.

What 1 advice would you give a mentor?

Adopt a mindset focused on listening attentively. Deep listening enables the establishment of trust, provides room for empathy, and allows for the identification of deeper meanings in conversations or interactions.
